THE MURFRENOCA 1965

*Senior Class Publication
Murfreesboro High School
Murfreesboro, North Carolina*

. . . *The Time Has*

From the beginning of time, man has fought to conquer the physical and intellectual forces surrounding him. He has spent many hours venturing forth into the realm of the unknown to acquire for himself a better mode of living and a satisfaction gained from the advancement and progress in the development of his mind.

As the Senior Class looks back at their years at Murfreesboro High School, we remember the hours of study, enjoyment, and accomplishment. We, therefore, use as our theme TIME: A time of hope and promise for all.

the
true
frontiers

Electricity has created a new world.
But there are countless frontiers yet to
be crossed.

These are true frontiers—challenging
the determination and ingenuity of the
individual. Rewarding him with a world
he helped to build. A better world. A
better way of life.
